Dear Frank:

Thank you for your letter of 15 September 1959 and the enclosed material from the National Library of Peking. It would seem that the Library is bombarding American associations of all types with the same form letter and list of potential exchanges. We have seen the list from several such organizations recently.

We appreciate your offer to initiate any exchange we should find useful, but we receive all the publications listed through regular procurement channels already.

It was good to hear from you again after these many years. We are grateful for your interest in helping us with our publication procurement program.

Sincerely,

SIGNED *Peavie*
